Dear Recruiter,  
my name is Domenico Stagno and I am applying for the mentioned job position.

I am 35 years old, from Italy where I studied and I had my first job experiences. I got a bachelor in Graphic Design and a Master's degree in Business Communication and Media at the Fine Arts Academy of Palermo, with the strongest academic achievements. I had the opportunity to live for short-medium periods in some other European cities (like Dublin and Berlin) to study and work on artistic projects, regarding Art and exhibitions.

I spent my last 2 years in Warsaw, where I completed my Erasmus and I started to work in Accenture, place where I have known an amazing multicultural environment and the great potential of teamwork, growing and improving my skills in this big and structured Company. At the beginning of July 2021 I permanently moved to Porto, city and country that I love and where I want to find new professional challenges and to learn the Portuguese language. I am a determined, sociable and open-minded person, I like teamwork and also to get personal responsibilities. I am a down-to-earth person, but quite often I like to find unconventional ways to arrive at innovative solutions. The deep humanistic and scientific background I built over the years with passion and curiosity, made me a passionate scholar about the dynamics and potential of social networks, communication strategies and the technical skills for digital marketing. I absolutely like to stay tuned and to find stimulating challenges for my creativity: reading books and magazines, watching tutorials, taking classes and courses about the topics I like: basics of coding, UI/UX design, photo/video content creation.

My motto is: *"Ok, I just sell my lemonade, but thanks to that I'm learning a lot and I can also tell you many interesting things about lemons, trees, glasses, summer, friends, smiles..."*.

I think I am the candidate you are looking for.  
Please visit my LinkedIn page or my website where you can find more info about me.  
Below you can find the links to my cv and the digital portfolio:
